

Index for Volume 5 (2017) of *Life: The Excitement of Biology*

Jorge A. Santiago-Blay¹

This index includes topic and authors (alphabetized by last name) of every paper published in *Life: The Excitement of Biology* volume 5. The first number of an entry indicates the volume followed (parenthetically, by the issue) and the first page of the corresponding paper. For example, amber is emphasized on 5(3):132. This means, that the interested reader should look for information on amber beginning in page 132 of the third issue of volume 5.
